

# The Impact of COVID-19 on Rural and Tribal Water and Wastewater Systems

## NEW HAMPSHIRE

**14** respondents

**100%** of respondents were small systems (n = 6)  
 ≈ **888** residents  
 Average system size of respondent

**FACILITIES TYPE:**  
**64%** water | **29%** both  
**7%** wastewater

**0-1:** Average full-time staff size  
 Many supplement with part-time, contract or volunteer staff

Has the COVID-19 pandemic negatively impacted your system's financial position, or do you anticipate negative impacts?  
**57% : Yes**  
**14% : No**  
**29% : Not sure**

### FINANCIAL VIABILITY

How long respondents can continue to pay for all system expenses under the current financial circumstances due to COVID-19:

N/A: Already could not cover all costs	Less than 2 months	2 to 6 months	7 to 12 months	More than a year	Don't know/ too early to tell	Don't want to answer

**21% of all NH respondents cannot sustain losses for more than six months of current financial conditions**

**83% of small systems** indicated they experienced a **decrease in revenues**, comparing April 2019 to April 2020 (n = 6).  
 These respondents did not provide more detailed information on their decreased revenues, but the median national system decrease was **\$4,685**.

- Challenges faced because of financial conditions:
- Maintaining their system
  - Paying back existing debt
  - Delays/limitations to capital improvement

**About the survey:** In early May, the RCAP Network surveyed communities to understand the financial impact of the COVID-19 pandemic on rural and tribal water and wastewater systems. Results are from systems the RCAP Network serves and are not representative of all small systems. These results, however, provide an important snapshot of rural and tribal experiences so policymakers can make informed decisions on how to address these issues during COVID-19 recovery.

RCAP Solutions, the Northeast RCAP, serves all six New England states, New York, New Jersey, Pennsylvania, Puerto Rico and the U.S. Virgin Islands. RCAP Solutions promotes public, environmental and economic health by providing consulting, planning, financing, build-out oversight, regulatory and compliance oversight, management and operational support for a wide range of community development and infrastructure projects. **Visit [rcapsolutions.org](http://rcapsolutions.org) for more info.**
